The NUS America Foundation, Inc. is a California nonprofit organization recognized by the Internal Revenue Service (IRS) as a tax-exempt public charity under Section 501(c)(3) of the Internal Revenue Code. The NUS America Foundation, Inc. mission is to support educational research and programs including programs by the National University of Singapore in the United States and abroad. Note, however, that the NUS America Foundation is independent of, and not controlled by the National University of Singapore.

The NUS America Foundation, Inc. encourages donors to advise the Foundation regarding how the donor would like his/her contribution(s) to be used. Donors should note, however, that IRS regulations require the Foundation to control the use of funds. While the Foundation generally abides by donor requests, donors are advised that under IRS regulations contributions are only tax-deductible for the donor if the nonprofit tax-exempt charitable organization is free to accept or reject the donor's recommendation.
